## 👤 PROFILE

Seeking a position where I can use my knowledge of statistics, analytics, communications, and solving problem skill to grow professionally as a Data Analyst. Dedicated to performing high-quality evaluations and delivering accurate results. Mechanical Engineer with 12 years of experience detail-oriented and focused on efficiency.

## 📁 EMPLOYMENT HISTORY

### Technician at SCI DISTRIBUTION LLC, Clearwater, Florida

September 2018 — November 2020

- Created an easier-to-follow chart for the management fuel system, which has become standard.
- Developed models and data to understand and predict failures on mobile or in-place fuel systems and presented findings to stakeholders.
- Communicated effectively with customers and project management regarding issues and project needs.

### Office Assistant at MIGUELS LATIN MARKET, Spring Hill, Florida

May 2017 — December 2017

- Created a proven track record of accurately maintaining detailed records and generating reports.
- Managed and streamlined administrative processes to reduce errors, improve accuracy and efficiency, and achieve organizational objectives.

### Safety Director at CORPOELEC, Coro, Venezuela

August 2014 — January 2016

- Supervised a group of 6 coworkers to ensure adherence to quality standards and proper work procedures. Define and enforce the use of occupational safety and hygiene policies.
- Performed checking data input or validate totals on forms prepared by others to detect errors in arithmetic, data entry, and procedures.
- Research and management of industrial occupational incidents.

### Maintenance Manager at CORPOELEC, Coro, Venezuela

August 2010 — August 2014

- Developed operational report on Excel, saving ~72 hours of monthly labor.
- Coordinate the schedule of the preventive, predictive, and corrective maintenance activities of the turbines used within the Power Generation Plant.
- Create the corresponding reports and charts for the analyzed equipment and schedule the next analysis session based on the results.
